Dear Patrons and Members of the Dorset Village Library Community.

When the crisp fall air blows down from Mt. Aelous and the autumn leaves on the Dorset Green change into hues of red and gold, the Dorset Village Library’s haunted happenings cannot be far behind.

2022 marked the ninth year of Halloween festivities at the library. This year the library hosted a broom making workshop, welcomed Vermont lore expert, Joseph Citro, hosted a children’s Halloween witch party, and once again put on our magical, now renowned, haunted house. The Dorset Library is committed to creating exciting and educational programming for all ages in the community. The Dog Days Cookout in July was a success, as was our Drag Queen Story Hour. Dungeons and Dragons, our Kids’ Club, our Story Time and our Knitting Club continue to offer diverse experiences for the community.

Our exciting news this year – the Dorset Library has joined the Catamount Library Network. As patrons, you can now borrow books from twenty-three other libraries in the state of Vermont. The new system has fast turn-around, provides patrons with the ability to manage their own accounts, to browse diverse collections and to request books from the comfort of home. New library cards are making their way to each of you. If you have not received your card yet, come in and see us.

We have seen many new people joining our community and the Dorset Library. Over the summer the library experienced a continuous flow of new visitors and welcomed many new members to our fold. We are excited to serve an ever-expanding community of readers. With so many new patrons joining the library, and so many more creative ways to create inclusive programming, we are asking you to make a donation to ensure continued acquisitions for the library and continued development of innovative programming for all ages. Your continued support allows the library to generate new and exciting experiences, and to continue to provide the best literary resources available in Vermont. Donations to the library support education, inclusiveness, literacy and community.

Thank you for your support,

The Dorset Village Library Board of Trustees
